The Unit for Disabled Passengers

Within London Transport, the Unit for Disabled Passengers focuses on the travel needs of elderly and disabled passengers and those who are travelling with children or heavy luggage.

It is associated with several bus services tailored to the needs of those passengers, all of which are accessible by wheelchairs users:-

Mobility Buses

A London-wide range of services linking residential areas to shopping centres within and beyond the immediate locality.

Stationlink

A two-way circular bus service connecting the major mainline rail termini in central London. At Victoria Coach Station and Euston it connects with.....

Airbus

Fast and frequent buses connecting all the Heathrow Airport termini with central London.

Low-floor buses

Buses which 'kneel' at bus stops and provide easy access to disabled and encumbered passengers.

To explain these and other services including the Underground and Docklands Light Railway, a range of guides, maps and tapes are available from the Unit at the address given below. These publications include large print Central London bus and Underground maps together with a guide to the accessibility of all Underground stations.

Better access to London's Transport system

The Unit for Disabled Passengers
London Transport, 172 Buckingham Palace Road,
